Mr. LeBlond's speech was cloquent and humorous, being punctu ated with bursts of applause and peals of laughter. He showed in some very funny anecdotes how America had assimilated all the nations of Europe in

should macadamize the road with rock bottom, curb the street and put it in general good order. Now the Government has had the money for over three years but not a step has been taken placing it in good condition. The street is now in a fearful state. There are no sidewalks and no road, and rubbish and kiawe trees make it almost impassable. A delegation of property owners saw Superintendent Holloway regarding the matter over two months ago. He promised to at two months ago. He promised to at-tend to the matter, but still nothing has been done. I have lost tenant aft-er tenant on account of the disgraceful condition of the so-called street, and every property holder there is in the same fix as I on account of the failure on the part of the Government to keep its agreement. It seems high time that something should be done."
